AN INTERNSHIP REPORT
ON
“ CGPA/SGPA CALCULATOR ”
BACHELOR OF ENGINEERING
In
COMPUTER SCIENCE AND ENGINEERING

Submitted by: RAJAT YADAV(1SG19CS082)

Sapthagiri College of Engineering

(Affiliated to Visvesvaraya Technological University and Approved by AICTE, New Delhi) Accredited By

NAAC with ‘A’ Grade

ISO 9001-2015 and 14001-2015 certified Institute

Bengaluru, Karnataka 560057

2022-2023

ABOUT THE COMPANY

CST is a digital service provider that aims to provide software, designing and marketing solutions to individuals and businesses. At CST , we believe that service and quality is the key to success We provide all kinds of technological and designing solutions from Billing Software to Web Designs or any custom demand that you may have. Experience the service like none other!

Some of our services include:

- Development** - We develop responsive, functional and super-fast websites.
- We keep User Experience in mind while creating websites. A website should load quickly and should be accessible even on a small view-port and slow internet connection.
- Mobile Application** - We offer a wide range of professional Android, iOS& Hybrid app development services for our global clients, from a start up to a large enterprise.
- Design** - We offer professional Graphic design, Brochure design & Logo design. We are experts in crafting visual content to convey the right message to the customers.
- Consultancy** - We are here to provide you with expert advice on your design and development requirement.
- Videos** - We create a polished professional video that impresses your audience.

OVERVIEW OF THE PROJECT

Project Name: CGPA/SGPA CALCULATOR

This project is based on Web Development and its Applications. The main objective of this project is to learn the implementation of HTML, CSS and JavaScript at frontend and PHP, MySQL database at backend, The webpage of this project is created using HTML and styling of the webpage is done using CSS.

It is a web application that simplifies the task of storing a users results . The system is flexible to be used and reduces the need of frequently searching and accessing an individuals marks. The system is developed to provide an easy means for storing semester wise results. Individuals have to login and enter their marks in a form.They can then access the result and print it in a PDF format.

1. USER MODULE

This module is mainly dedicated to the candidates who are looking to store their result. They can log in into the system, via the credentials provided to them & once they are in, they have to enter their data by filling an online form . They can download the result from the same module, in PDF file format.

2. ADMIN MODULE

This module is maintained by the admin and only he/she can manage and have access to every account. Admin can add or delete the users as well. They can modify the functionalities of the system, too. Admin can also add users on the fly to the application to make the application full of new functionalities.

CGPA/SGPA Calculator

- SGPA stands for semester grade point average which is calculated over percentage.
- Simple Design, Easy to Use, and Free
- Automatic Calculation
- User has to Input his semester marks and SGPA Calculator will calculate the SGPA for respective semester.
- User can also calculate CGPA by inputting SGPA of his respective semester.

TOOLS USED

Software Requirements

- JetBrains Webstorm 2021.2.
- Safari and Brave of latest version.
- Front End: HTML, CSS, Nuxt.js
- Backend : Google Fire
- Linux 7.1 or Windows XP/7/8/10 OS or Mac OS

Hardware Requirements

- Pentium 200-MHz computer with a minimum of 64 MB of RAM (128 MB of RAM recommended).
- Monitor with a refresh rate of at least 40Hz for a smooth GUI experience (optional).

IMPLEMENTATION

File Name : **Firebase.js**

```
import { getApps, initializeApp } from 'firebase/app';
import { getAuth } from 'firebase/auth';
import { getFirestore } from 'firebase/firestore';
const firebaseConfiguration = {
  apiKey: "AIzaSyA0354p0txZSZ-aPvp9RvsalR5LFtNhGW8",
  authDomain: "compsoft-gpa-calc-207d7.firebaseio.com",

PAGE TO CALCULATE CGPA OF ALL SEMESTER

The screenshot shows a mobile application interface with a dark blue background. In the top left corner, there is a logo for 'CompSoft Technologies' featuring a stylized 'CS' monogram inside a circle. In the top right corner, there is a small circular icon with a power symbol. The main content area is a light blue rectangular box with a thin black border. Inside this box, the text 'Enter SGPA:' is displayed in bold blue capital letters at the top. Below it, there is a list of eight items, each consisting of a short label followed by a blank input field: '1st Sem SGPA', '2nd Sem SGPA', '3rd Sem SGPA', '4th Sem SGPA', '5th Sem SGPA', '6th Sem SGPA', '7th Sem SGPA', and '8th Sem SGPA'. At the bottom of the input section, there is a blue rectangular button with the white text 'Calculate CGPA'.
